At 1st Impressions Dental & Denture we are focused on delivering the finest in personal service, expertise and dental technology. Your initial appointment will allow us to answer and address any concerns you may have regarding your dental health by collating a variety of information extracted through our digital x-rays series, photographs, the condition of your teeth for example. Before advising you on how we can best help brighten your smile, we will spend time discussing your needs, worries and desires.

Over 30 years serving the local community, Dr. Neville W Richter and Quoc Wan Ngo leading the team at 1st Impressions Dental & Denture. We practice cosmetic and comprehensive dentistry, meaning we treat the person as a whole entity, not just an oral cavity.
